LB 695

We need to learn from our past. That is the definition, is it not, of a cultured, reasonable, sensible, civilized people that they can learn from their past. This is not a litmus test on abortion. I am going to vote for this bill if this amendment passes. It will be constitutional and it meets the exact purpose that this bill was introduced to do and that is to meet Supreme Court standards by using almost verbatim, Supreme Court language. I would move the adoption of the amendment.

PRESIDENT: The motion is the adoption of the amendment offered by Senator Landis. All those in favor vote aye, opposed vote no. I believe all members have returned to the Chamber under our Call of the House and the motion is to adopt the amendment offered by Senator Landis to LB 695. Please record your vote. Have you all voted? Have you all voted? Fifteen seconds allowed to record your vote. Have you all voted? The Clerk will record the vote.

CLERK: 17 ayes, 26 nays, Mr. President, on adoption of the amendment.

PRESIDENT: The amendment fails. We have the bill. Anything else?

CLERK: Nothing further on the bill, Mr. President.

PRESIDENT: Senator Labeledz.

SENATOR LABEDZ: I move for the advancement of LB 695.

PRESIDENT: The motion is to advance the bill. Senator Marsh, you are recognized.

SENATOR MARSH: LB 695 has had its public hearing as of March 1st and it has been brought to us. It has been moved from General File toward the second step. I kept still. One amendment was adopted which I supported, reserving the right on Select File to speak to the issue of viability.

PRESIDENT: Excuse me, Senator. The Call of the House is raised.
